

AKSHAD ALI

Frontend Developer | React.js & MERN Stack

Lucknow, India | +91 7903909883 | akshadali2977@gmail.com | [linkedin.com/in/akshad-ali](https://www.linkedin.com/in/akshad-ali) | github.com/erakshadali

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive, high-performance web applications using React.js, JavaScript (ES6+), HTML5, CSS3, and Tailwind CSS. Experienced in component-based architecture, state management, RESTful API integration, and MERN stack development (MongoDB, Express.js, React, Node.js). Strong foundation in writing clean, maintainable code, debugging, and collaborating in agile team environments. Quick learner with a genuine interest in web performance optimization, UI/UX best practices, and cloud security.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java, C, HTML5, CSS3

Frontend: React.js, React Router, Tailwind CSS, Responsive Web Design, Component-Based Architecture, State Management

Backend & Database: Node.js, Express.js, MongoDB, RESTful API Design & Integration

Tools & Platforms: Git, GitHub, Visual Studio Code, Vercel, Netlify, Render, CI/CD (GitHub Actions)

Soft Skills: Problem Solving, Self-Learning, Adaptability, Presentation, Team Collaboration

Areas of Interest: Web Design & Development, Cloud Security

PROFESSIONAL EXPERIENCE

Frontend Developer (Trainee)

Jan 2026 -- Jun 2026

DigiCoders Technologies Private Limited

- Developed responsive, cross-browser web applications using React.js, HTML5, CSS3, JavaScript, and Tailwind CSS, translating UI/UX designs into reusable components.
- Built and integrated RESTful APIs using Node.js, Express.js, and MongoDB as part of full MERN stack feature development.
- Wrote clean, maintainable, and well-documented code following modern MERN stack best practices and version control workflows with Git.
- Collaborated closely with designers and senior developers in an agile team setting to deliver high-quality, user-friendly solutions on schedule.

PROJECTS

Personal Portfolio Website | HTML5, CSS3, JavaScript | [GitHub](#)

- Engineered a high-performance, mobile-first personal portfolio with custom media queries, achieving seamless cross-device compatibility and strong Lighthouse performance scores.
- Designed an interactive UI with optimized DOM manipulation, custom CSS animations, and an asynchronous contact form to boost user engagement.
- Set up an automated CI/CD pipeline (GitHub Actions) for continuous deployment to Vercel/Render, streamlining updates and reducing manual release effort.

E-Commerce Storefront (MERN Stack) | React.js, Node.js, Express.js, MongoDB, Tailwind CSS

- Architected a full-stack e-commerce platform supporting user authentication, product catalog management, and a dynamic shopping cart system.
- Implemented JSON Web Tokens (JWT) for secure user authorization and utilized bcrypt for robust password hashing.
- Designed a responsive dashboard for inventory tracking and integrated a mock payment gateway API to simulate end-to-end checkout processes.

Notes Keeper App | React.js, HTML, CSS, JavaScript

- Built a full-featured CRUD notes application in React using component-based architecture and React Router for multi-view navigation.
- Implemented client-side state management for real-time create, edit, and delete operations without page reloads.
- Styled a fully responsive interface for mobile and desktop and deployed the app on Netlify for public access.

EDUCATION

Bachelor of Technology, Computer Science

2022 -- 2026

Integral University, Lucknow, India
