

AKSHAD ALI

Frontend Developer | React.js & MERN Stack

Lucknow, India | +91 7903909883 | akshadali2977@gmail.com | [linkedin.com/in/akshad-ali](https://www.linkedin.com/in/akshad-ali) | [Portfolio](#) | github.com/erakshadali

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive, high-performance web applications using React.js, JavaScript (ES6+), HTML5, CSS3, and Tailwind CSS. Experienced in component-based architecture, state management, RESTful API integration, and MERN stack development (MongoDB, Express.js, React, Node.js). Strong foundation in writing clean, maintainable code, debugging, and collaborating in agile team environments. Quick learner with a genuine interest in web performance optimization, UI/UX best practices, and cloud security.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java, C, HTML5, CSS3

Frontend: React.js, React Router, Tailwind CSS, Responsive Web Design, Component-Based Architecture, State Management

Backend & Database: Node.js, Express.js, MongoDB, PostgreSQL, RESTful API Design & Integration

Tools & Platforms: Git, GitHub, Visual Studio Code, Claude, Vercel, Netlify, Render, CI/CD (Vercel Git-based)

Soft Skills: Problem Solving, Self-Learning, Adaptability, Presentation, Team Collaboration

Areas of Interest: Web Design & Development, Cloud Security

PROFESSIONAL EXPERIENCE

Frontend Developer (Trainee)

Jan 2026 – Jun 2026

DigiCoders Technologies Private Limited

- Developed responsive, cross-browser web applications using React.js, HTML5, CSS3, JavaScript, and Tailwind CSS, translating UI/UX designs into reusable components.
- Built and integrated RESTful APIs using Node.js, Express.js, and MongoDB as part of full MERN stack feature development.
- Wrote clean, maintainable, and well-documented code following modern MERN stack best practices and version control workflows with Git.
- Collaborated closely with designers and senior developers in an agile team setting to deliver high-quality, user-friendly solutions on schedule.

PROJECTS

Personal Portfolio Website | *HTML5, CSS3, JavaScript* | [Live](#) | [GitHub](#)

- Engineered a high-performance, mobile-first personal portfolio with custom media queries, achieving seamless cross-device compatibility and strong Lighthouse performance scores.
- Designed an interactive UI with optimized DOM manipulation, custom CSS animations, and an asynchronous contact form to boost user engagement.
- Set up Vercel Git-based CI/CD so every push to main deploys automatically, streamlining updates and reducing manual release effort.

Movie Selector App | *React.js, React Router, Context API, TMDB REST API* | [Live](#) | [GitHub](#)

- Developed a responsive movie discovery web application in React.js, integrating the TMDB REST API to fetch and display live movie data including posters, ratings, and descriptions.
- Implemented multi-page client-side routing with React Router, including dynamic movie detail pages driven by URL parameters.
- Architected centralized state management with the React Context API to power a favorites feature with localStorage persistence, eliminating prop-drilling across components.
- Handled asynchronous data fetching with useEffect and async/await patterns with loading and error states, and built a responsive CSS Grid layout for mobile, tablet, and desktop breakpoints.
- Deployed the application on Vercel with CI/CD via GitHub integration, securely managing API credentials through environment variables.

Travel With Dreams | *React.js, Vite, React Router, Express.js, PostgreSQL* | [Live](#) | [GitHub](#)

- Built a full-stack travel booking website with a React 19 + Vite frontend and an Express.js REST API for trips, destinations, bookings and enquiries, storing submissions in Neon PostgreSQL.
- Implemented URL-synced trip filters, an image lightbox gallery, day-by-day itineraries and a live price calculator.
- Validated booking and enquiry forms on client and server; deployed on Vercel with CI/CD via GitHub integration.

EDUCATION

Bachelor of Technology, Computer Science

Integral University, Lucknow, India

2022 – 2026
